

# CORPORATE SOLUTIONS

The health and happiness of your employees has a significant impact on their productivity and on the success of your organisation. One cost effective and proactive way to look after your employees, reduce absenteeism, increase productivity and increase employee satisfaction is by establishing a wellness program – and Health Place can help you do this!

## An overview...

Health Place offers our corporate clients tailor- made corporate health packages that best fit your organisation's needs and goals.

### Some of the options available to you include:

- Having a health seminar conducted by a qualified and experienced dietitian or psychologist
- Having a Remedial Massage Therapist come to your offices to perform seated chair massage treatments
- Organising for your employees to visit Health Place for table massage treatments
- You choose the payment terms (i.e. your organisation can subsidise 100% of the treatment costs, a share of the treatment costs or have your employees pay for their treatments at your discounted rates)

### Plus:

- We conduct an initial survey bi-annual surveys of employees treated to ensure your company continues to get value from our treatments. We also deliver you a report outlining the results and recommendations.
- We supply you with flyers promoting the service you're offering for your employees
- We can put your company logo on the Corporate Massage section of our website and on our in-practice TV screen – further cementing your organization as a place that cares about it's people and an employer of choice.

## The details...

- Seated massage in your office is usually done at 15 minutes / employee however can be shorter or longer as per your preference.

We are highly professional and ensure your company achieves real benefit by conducting our initial and bi-annual surveys of your people and delivering you reports based on these.

We are so confident that we are the best choice for your company that we are willing to do the first no-obligation session for free!

## Where's the ROI?

Not sure why your company should consider implementing a wellness program? Here are some reasons:

- Corporate wellness programs have been proven to increase employee satisfaction, productivity and attendance rates.
- Absenteeism costs Aussie businesses up to \$30 billion per year or \$385 per day per employee! If we can bring down the number of sick days taken clear ROI can be achieved.
- Massage has been proven to assist with stress and depression – both common reasons for taking sick leave.
- Surveys have shown that up to 86% of office workers report having mild or severe occupational overuse syndrome. Massage can effectively prevent many of these injuries.
- Studies show pay is not the most important thing when it comes to job satisfaction. Offering massage services to your employees shows them they are valued and cared about.
